## MOTIF

**IKAT Pure silk saree**

### **POCHAMPALLY IKAT SAREE**

Nalgonda district is distinctive in Andhra Pradesh for its unique pattern of designs called "IKAT" in the village called Pochampally located at a distance of 40 kms from Hyderabad. The IKAT weaving is commonly known as "TIE & DIE" technique. In this hanks of yarn are tied according to the chosen design pattern and then dyed. After this, the dyed yarn is woven. The IKAT technique of weaving has been in this District for the last 50-60 years. The craftsmanship of handloom weaver in this district is highly appreciable for its unique "TIE & DIE" design.

In the "TIE & DIE" technique of weaving, the entire family members including wife and children involve in various pre-loom and post loom activities like wrapping, dyeing, tying chitiki work, asu work, weaving etc. The weavers in the district are highly skillful. The strength of the weaver lies in his imagination of thematic design at cognitive level and converting his subjective ideas into the objective design pattern of the cloth with the help of "IKAT" technique.

## FOREWORD

The District Census Handbook (DCHB) is an important publication of the Census Organization since 1951. It contains both Census and non Census data of urban and rural areas for each District. The Census data provide information on demographic and socio-economic characteristics of population at the lowest administrative unit i.e. of each Village and Town and ward of the District. The Primary Census Abstract (PCA) part of this publication contains Census data including data on household amenities collected during 1<sup>st</sup>.phase of the Census i.e. House Listing and Housing Census. The non Census data presented in the DCHB is in the form of Village Directory and Town Directory contain information on various infrastructure facilities available in the village and town viz; education, medical, drinking water, communication and transport, post and telegraph, electricity, banking, and other miscellaneous facilities. Later on, the Telegraph Services were closed by the Government of India on 15<sup>th</sup>. July, 2013. The data of DCHB are of considerable importance in the context of planning and development at the grass-root level.

2. In the 1961 Census, DCHB provided a descriptive account of the District, administrative statistics, Census tables and Village and Town Directory including Primary Census Abstract. This pattern was changed in 1971 Census and the DCHB was published in three parts: Part-A related to Village and Town Directory, Part-B to Village and Town PCA and Part-C comprised analytical report, administrative statistics, District Census tables and certain analytical tables based on PCA and amenity data in respect of Villages. The 1981 Census DCHB was published in two parts: Part-A contained Village and Town Directory and Part-B the PCA of Village and Town including the SCs and STs PCA up to Tahsil/Town levels. New features along with restructuring of the formats of Village and Town Directory were added. In Village Directory, all amenities except electricity were brought together and if any amenity was not available in the referent Village, the distance in broad ranges from the nearest place having such an amenity, was given.

3. The pattern of 1981 Census was followed by and large for the DCHB of 1991 Census except the format of PCA. It was restructured. Nine-fold industrial classification of main workers was given against the four-fold industrial classification presented in the 1981 Census. In addition, sex wise population in 0-6 age group was included in the PCA for the first time with a view to enable the data users to compile more realistic literacy rate as all children below 7 years of age had been treated as illiterate at the time of 1991 Census. One of the important innovations in the 1991 Census was the Community Development Block (CD Block) level presentation of Village Directory and PCA data instead of the traditional Tahsil/Taluk/PS level presentation.

4. As regards DCHB of 2001 Census, the scope of Village Directory was improved by including some other amenities like banking, recreational and cultural facilities, newspapers & magazines and 'most important commodity' manufactured in a Village in addition to prescribed facilities of earlier Censuses. In Town Directory, the statement on Slums was modified and its coverage was enlarged by including details on all slums instead of 'notified slums'.

5. The scope and coverage of Village Directory of 2011 DCHB has been widened by including a number of new amenities in addition to those of 2001. These newly

added amenities are: Pre-Primary School, Engineering College, Medical College, Management Institute, Polytechnic, Non-formal Training Centre, Special School for Disabled, Community Health Centre, Veterinary Hospital, Mobile Health Clinic, Medical Practitioner with MBBS Degree, Medical Practitioner with no degree, Traditional Practitioner and faith Healer, Medicine Shop, Community Toilet, Rural Sanitary Mart or Sanitary Hardware Outlet in the Village, Community Bio- gas, Sub Post Office, Village Pin Code, Public Call Office, Mobile Phone Coverage, Internet Cafes/ Common Service Centre, Private Courier Facility, Auto/Modified Autos, Taxis and Vans, Tractors, Cycle-pulled Rickshaws, Carts driven by Animals, Village connected to National Highway, State Highway, Major District Road, and Other District Road, Availability of Water Bounded Macadam Roads in Village, ATM, Self-Help Group, Public Distribution System(PDS) Shop, Mandis/Regular Market, Weekly Haat, Agricultural Marketing Society, Nutritional Centers (ICDS), Anganwadi Centre, ASHA (Accredited Social Health Activist), Sports Field, Public Library, Public Reading Room, Assembly Polling station, Birth & Death Registration Office. In the Town Directory, seven Statements containing the details and the data of each Town have been presented viz.; (i)-Status and Growth History of Towns,(ii)- Physical Aspects and Location of Towns, (iii)-Civic and other Amenities, (iv)-Medical Facilities, (v)-Educational, Recreational & Cultural Facilities, (vi)- Industry & Banking, and (vii)- Civic & other amenities in Slums respectively. CD Block wise data of Village Directory and Village PCA have been presented in DCHB of 2011 Census as presented in earlier Census.

6. The data of DCHB 2011 Census have been presented in two parts, Part-A contains Village and Town Directory and Part-B contains Village and Town wise Primary Census Abstract. Both the Parts have been published in separate volumes in 2011 Census.

7. The Village and Town level amenities data have been collected, compiled and computerized under the supervision of Smt Y.V Anuradha, IAS., Director of Census Operation, Andhra Pradesh. The task of Planning, Designing and Co-ordination of this publication was carried out by Dr. Pratibha Kumari, Assistant Registrar General (SS) under the guidance & supervision of Dr. R.C.Sethi, Ex-Addl. RGI and Shri Deepak Rastogi present Addl.RGI. Shri A.P. Singh, Deputy Registrar General, (Map) provided the technical guidance in the preparation of maps. Shri A.K. Arora, Joint Director of Data Processing Division under the overall supervision of Shri M.S.Thapa, Addl. Director (EDP) provided full cooperation in preparation of record structure for digitization and validity checking of Village and Town Directory data and the programme for the generation of Village Directory and Town Directory including various analytical inset tables as well as Primary Census Abstract (PCA). The work of preparation of DCHB, 2011 Census has been monitored in the Social Studies Division. I am thankful to all of them and others who have contributed to bring out this publication in time.

## Preface

The District Census handbooks (DCHBs) is brought out in each decennial census since 1951 containing Village and Town Directory, Village & Town wise Primary Census Abstract (PCA) and data on “amenities” for each village and town in the district. The objective of publishing the DCHB is to place the data collected at census along with the data on amenities at Village and Town level, collected from Tahsildars/Municipal Commissioners. The amenities data is validated by comparing with secondary data obtained from Heads of the Departments. For example, information on schools was compared with data available with the Commissioner, School Education and information on post offices was compared with data obtained from the Chief Post Master General and so on. Validation of data in the above manner was by no means an easy exercise. Scores of officials had put in grueling efforts for months together.

Generally, the District Census Hand Book contains two parts i.e., Part A & Part B. Part A contains Village and Town Directory and Part-B contains data on Village and Town Primary Census Abstract along with Housing amenities. This time both Part-A and Part-B volumes will be published separately for each district.

The present volume deals with the Part-B of the DCHB and comprises broadly: History and scope of the DCHB, Brief History of the district, Administrative setup, District highlights, Important Statistics of the District, Brief note of Primary Census Abstract, Appendix to District Primary Census Abstract i.e., Urban block wise figures of Total, SC & ST Population, Rural PCA, Urban PCA, Housing Amenities etc., of 2011 Census of India.

The District Census Handbook is further enriched with a district and Sub-district (Mandal) maps depicting villages/towns with population size and also amenities such as educational Institutions, Hospitals, Telegraph and Telephone facilities, Banks etc.

I am grateful to the Chief Secretary, Principal Secretaries, Secretaries, District Collectors, Municipal Commissioners, Tahsildars and senior officials of the

Government of Andhra Pradesh for their co-operation and assistance throughout the Census Operations and in the process of collection of the Secondary data.

I am very privileged to be associated with the national task of Census of India 2011 in the capacity of Director of Census Operations, Andhra Pradesh, Hyderabad. I express my heartfelt gratitude to Dr. C. Chandramouli, IAS, Registrar General & Census Commissioner, India, for the inspiring guidance all along. I sincerely express my profound thanks to Dr. R.C. Sethi, ISS, Additional Registrar General, India, Dr. Deepak Rastogi, Deputy Director General, Shri. A.K. Singh, Deputy Registrar General (Census) for help, guidance and constant support accorded in all matters. Thanks are also due to Dr. A.P. Singh, Deputy Registrar General (Map) for his support and guidance in generating digital maps. I also acknowledge the continuous support of Dr. Prathibha Kumari, Assistant Registrar General (S.S) and other Officers of the Office of the Registrar General, India, New Delhi.

I sincerely express my gratitude to Shri M.S. Thapa, Additional Director (EDP) and his team for their technical guidance and also in generating various tables in bringing out this volume.

The credit for preparation of DCHB goes to a team of devoted officers and staff of this Directorate under the guidance of Shri. R.V.V. Durga Prasad, Joint Director along with the methodical direct supervision of Shri. S. Daya Sagar, Assistant Director for their active involvement and painstaking efforts in bringing out this publication. The names of individuals associated with this project are shown in 'Acknowledgements'. I am grateful to all of them.

I hope that the data users will find this publication very useful.

## HISTORY AND SCOPE OF THE DISTRICT CENSUS HANDBOOK

The need of data at the grass root level for the administrative and planning purposes at sub micro level as well as academic studies prompted the innovation of District Census Handbook. District Census Handbook is a unique publication from the Census organization which provides most authentic details of census and non-census information from village and town level to district level. The District Census Handbook was firstly introduced during the 1951 Census. It contains both census and non census data of urban as well as rural areas for each district. The census data contain several demographic and socio-economic characteristics of the lowest administrative unit i.e. of each village and town and ward of the district. The non census data comprise of data on availability of various civic amenities and infrastructural facilities etc. at the town and village level which constitute Village Directory and Town Directory part of the DCHB. The data of DCHB are of considerable importance in the context of planning and development at grass-root level.

In 1961 census DCHB provided a descriptive account of the district, administrative statistics, census tables and village and town directory including Primary Census Abstract. This pattern was changed in 1971 Census and the DCHB was published in three parts: Part-A related to village and town directory, Part-B to village and town PCA and Part-C comprised analytical report, administrative statistics, district census tables and certain analytical tables based on PCA and amenity data in respect of villages. The 1981 census DCHB was published in two parts: Part-A contained village and town directory and Part-B the PCA of village and town including the SCs and STs PCA up to tahsil/town levels. New features along with restructuring of the formats of village and town directory were added into it. In Village Directory, all amenities except electricity were brought together and if any amenity was not available in the referent village, the distance in broad ranges from the nearest place having such an amenity, was given.

The pattern of 1981 census was followed by and large for the DCHB of 1991 Census except the format of PCA. It was restructured. Nine-fold industrial classification of main workers was given against the four-fold industrial classification presented in the 1981 census. In addition, sex wise population in 0-6 age group was included in the PCA for the first time with a view to enable the data users to compile more realistic literacy rate as all children below 7 years of age had been treated as illiterate at the time of 1991 census. One of the important innovations in the 1991 census was the Community Development Block (CD Block) level presentation of village directory and PCA data instead of the traditional tahsil/taluk/PS level presentation.

As regards DCHB of 2001 Census, the scope of Village Directory was improved by including some other amenities like banking, recreational and cultural facilities, newspapers & magazines and 'most important commodity' manufactured in a village in addition to prescribed facilities of earlier censuses.

In Town Directory, the statement on Slums was modified and its coverage was enlarged by including details on all slums instead of 'notified slums'.

The scope and coverage of Village Directory of 2011 DCHB has been widened by including a number of new amenities in addition to those of 2001. In the Town Directory, seven Statements containing the details and the data of each town have been presented viz.; (i) Status and Growth History of towns, (ii) Physical Aspects and Location of Towns, (iii) Civic and other Amenities, (iv) Medical Facilities, (v) Educational, Recreational & Cultural Facilities, (vi) Industry & Banking, and (vii) Civic & other amenities in Slums respectively. CD Block wise data of Village Directory and Village PCA have been presented in DCHB of 2011 census as presented in earlier census. The data of DCHB 2011 Census have been presented in two parts, Part-A contains Village and Town Directory and Part-B contains Village and Town wise Primary Census Abstract. Both the Parts have been published in separate volumes in 2011 Census.

-----

## BRIEF HISTORY OF THE DISTRICT

Nalgonda district formed part of the Kakatiya kingdom and after its downfall, it became part of Bahmani kingdom and subsequently passed on to Qutub Shahi dynasty of Golconda and on its fall was annexed to Mughal empire from which it was detached in the early part of the eighteenth century on the establishment of Hyderabad State by the Asaf Jahi dynasty. Finally it became part of Andhra Pradesh with effect from 1st November, 1956 under the scheme of Reorganisation of States.

**Early Hindu Period :** In pre-historic times, the great Dravidian race occupied Southern India including a major portion of the Deccan plateau. It is uncertain as to when the Aryans invaded the Deccan? The empire of Asoka (273-231 B.C.), however, seems to have had control over the whole of Berar and a considerable portion of the Deccan plateau. The Andhras were the next kings who ruled the Deccan. They are mentioned in the Asokan inscriptions but their rise to power dates from about 220 B.C. Gradually extending their sway from Krishna delta, they soon possessed an empire reaching to Nasik. This dynasty seems to have come to an end in the third century A.D., but the reasons for the collapse are little known. The Pallavas who ruled south of Krishna possibly might have extended their power to this region. The next dynasty of importance is that of the Chalukyas who rose to power in Bijapur district by about 550 A.D., and founded an empire spreading east and west across the peninsula with their capital at Kalyani. Pulakesin-II (608-642 A.D.) ruled practically the south of Narmada River and even came into contact with Harshavardhana of Kanauj. Throughout their period of supremacy the Chalukyas were at war with the Pallavas. In the middle of the eighth century the Chalukyas were displaced by the Rashtrakutas of Malkhed in Gulbarga district. About 973 A.D., the Chalukyan dynasty was restored and for nearly 200 years maintained its position, inspite of fierce struggles with the Cholas and Hoyasalas of Dorasamudra. The Chalukya power fell about 1189 A.D., to the Hoyasalas and Yadavas, the latter of whom established themselves at Deogiri. The Yadavas were the last great Hindu rulers of the Deccan, for Vijayanagar Kingdom which was founded half a century later after the advent of the Muhammadans, never acquired much sway in the Deccan proper.

**Muhammadan Period :** Alla-ud-din Khilji led the first Muhammadan expedition into the Deccan in 1294 A.D. against the Yadava ruler of Deogiri and coerced him into submission. In 1296 A.D. he assassinated his own uncle and seized the throne, and sent an expedition to Deogiri. His first expedition was dispatched in 1303 A.D. against the Kakatiya Kings of Warangal, who had established themselves there since the middle of the 12th century. This having failed, he sent a second expedition under Malik Kafur in 1309 A.D. which resulted in the submission of Raja who agreed to pay tributes. In 1310 A.D. Malik Kafur was sent against the Hoyasala Raja of Dwarasamudra (Halebid in Mysore). In 1318 when Harpal, the Deogiri ruler rebelled, he was defeated and put to death and with him the Yadava dynasty ended. Muhammad-bin-Tughlak conducted a later campaign against Warangal and finally broke the Kakatiya power in 1321 A.D. When Muhammad-bin-Tughlak ascended the throne in 1325 at Delhi, the

Muhammadans were masters of the Deccan from North to South. The chief Rajas of Telangana acknowledged their sway and paid tributes. He changed the name of Deogiri as Daulatabad and made it his capital. A few years later, the Imperial Governors of the Deccan revolted resulting in the establishment of the Bahmani dynasty. Zafar Khan, who styled himself as Ala-ud-din Hasan Shah Gangu founded this line and having taken possession of the Deccan provinces including Bidar and Gulbarga, he made the latter place his capital and commenced his reign in 1347 A.D. The Bahmani Kingdom extended from Berar in the north to the left bank of the Tungabhadra in the south and from Dabal on the west coast to the Telangana tracts in the east. After the fall of this dynasty, the Barid Shahi dynasty came into power. Amir Barid, who assumed sole charge of the affairs of the Bahmani Kingdom after the downfall of the Bahmani dynasty, was engaged in constant wars with the rulers of Bijapur and Berar; seen many vicissitudes and finally died in Daulatabad in 1538A.D. He was succeeded by his son Ali Barid who was the first to assume the title of Shah. In 1565A.D. he marched along with the other Deccan Kings against the Rajah of Vijayanagar and in the memorable battle of Tallikota, the Vijayanagar ruler was defeated and his fate sealed. Ali Barid died in 1582 and he was succeeded by three other Kings. The Qutub Shahi dynasty next came into prominence. Qutub-ul-Mulk Sultan Kuli, a Turk of noble family, who was Governor of the Golconda province under the Bahmanis took advantage of the distracted state of the Kingdom under Muhammad Shah of the Barid Shahi dynasty and declared his independence establishing the Qutub Shahi dynasty which reigned from 1512 to 1687 A.D.

When the Mughals invaded the Deccan, the local rulers formed an alliance against them, but after defeating the invaders, they fell out among themselves, enabling the Mughal troops to subdue the country. Shah Jahan after rebelling against his father fled from Burhanpur and was welcomed at Golconda by Abdullah Qutub Shah. In 1635 A.D., Shah Jahan who had then become the emperor sent a farman to Golconda which was well received. Mir Jumla, the king's minister, appealed to Aurangzeb to invade the territory Hyderabad was plundered, but Abdullah sued for peace and paid arrears of tribute. He died in 1674 A.D., and was succeeded by his nephew Abdul Hasan also called Tana Shah. After the fall of Bijapur in 1686 A.D., Aurangzeb turned his attention to Golconda which was taken in the following year. Tana Shah was made a prisoner and died in 1704 A.D., and with him the Qutub Shahi line ended. This dynasty was founded by Asaf Jah, distinguished General of Aurangzeb, a Turkoman by descent. After a long service under the Delhi emperor, he was appointed as Subedar or Viceroy of the Deccan in 1713 A.D., with the title of Nizam-ul-Mulk, which has since become the hereditary title of the family. The Mughal empire at this period was on the verge of decline owing to internal descensions and attacks from within. Amidst the general confusion, Asaf Jah had little difficulty in asserting his independence against the degenerate and weak occupants of the throne of Delhi, but he had to repel the inroads of Marathas who were harassing the western part of his newly acquired territory. His independence was the cause of much jealousy at Delhi and the court party secretly instructed Mubariz Khan, Governor of Khandesh to

oppose him by force of arms. A battle was fought at Shakarkhelda in the Buldana district of Berar in 1724 A.D., when Mubariz Khan was totally defeated and lost his life. This battle established the independence of Asaf Jah who annexed Berar and fixed his residence at Hyderabad and established his dominions. Nalgonda district along with the rest of the Telangana came under the control of the Asaf Jahi dynasty.

After the death of Asaf Jah, Nazir Jung his second son and Muzaffar Jung his grandson by one of his daughters strove for the succession. At this time the English and French were contending for supremacy in the East and each of the claimants secured the support of one of these powers; Nazir Jung's cause was espoused by the English, while Muzaffar Jung was supported by the French. The latter, however, fell a prisoner to his uncle, but on the assassination of Nazir Jung, Muzaffar Jung was proclaimed the sovereign. Dupleix, the French Governor, became the controller of the Nizam's authority. Muzaffar Jung was killed by some Pathan chiefs and the French then selected Salabat Jung, a brother of Nazir Jung and son of Asaf Jah, as ruler. Ghazi-ud-din, the eldest son of Asaf Jah, who, it was alleged, had relinquished his claim at first now appeared as a claimant, supported by the Marathas, but his sudden death put a stop to further struggles. The English and the French were now contesting power and influence in the Deccan, but the victories of Clive in the Carnatic caused the latter to turn their attention to their own possession which was threatened and to leave Salabat Jung to shift for himself. Nizam Ali Khan, the fourth son of Asaf Jah, at this juncture obtained the support of the English on the promise of dismissing French from his service. Salabat Jung was dethroned in 1761 A.D., and Nizam Ali Khan was proclaimed ruler.

In 1766 A.D., the Northern Circars were ceded to the British on the condition that the Nizam was to be furnished with a subsidiary force in times of war, and receive 6 lakhs of rupees per annum when no troops were required, the Nizam on his part promising to support the British with his troops. This was followed by the treaty of 1768 A.D., by which the East India Company and the Nawab of Carnatic engaged to assist the Nizam with troops whenever required by him, on payment. In 1790 A.D., war broke out between Tipu Sultan and the British and a treaty of alliance was concluded between the Nizam, the Marathas and the British. Tipu, however, concluded peace and had to relinquish half of his dominions which was divided among the allies. In 1798 A.D., another treaty was concluded between the Nizam and the British. On the fall of Seringapatnam (Sriranga-pattanam) and the death of the Tipu Sultan, the Nizam participated largely under the treaty of Mysore in 1799 in the division of territory and his share was increased because of the withdrawal of the Peshwas from the treaty. In 1800 A.D., a fresh treaty was concluded between the Nizam and the British by which Nizam ceded all the territories which had accrued to him under the treaties of 1792 and 1799, i.e., Cuddapah, Kurnool, Anantapur and Bellary districts known as the 'ceded districts' of Madras. Nizam Ali Khan died in 1803 and he was succeeded by his son, Sikandar Jah. On the death of Sikandar Jah in 1829 his son Nasir-ud-Doula succeeded. Nasir-ud-Doula died in May, 1857 and he was succeeded by his son Afzal-ud-Doula. In 1869 on the death of Afzal-ud-Doula, his son Mir Mahbub Ali Khan Bahadur became the

ruler. As he was only three years old then, regency was constituted for the administration of the country, with Salar Jung-I as regent and Nawab Shams-ul-Umara as co-regent, the British Resident being consulted on all important matters concerning the welfare of the State. On the death of the co-regent in 1877, his half-brother Nawab Vikar-ul-Umara was appointed as co-administrator, but he also died in 1881. With this Sir Salar Jung remained the sole administrator and regent till his death in 1883. In 1884, Mir Mahbub Ali Khan having attained majority was installed as ruler by Lord Rippon. On the death of Mir Mahbub Ali Khan in 1911, Mir Osman Ali Khan ascended the throne.

In 1947 when the country attained independence, the princely states were given the choice either to remain independent or to join the Indian Union. The Nizam's dominions became part of the Indian Union in 1948 as a part 'B' State and in 1956, during the Reorganisation of States, the Hyderabad State was trifurcated and the nine predominantly Telugu speaking districts of Mahbubnagar, Hyderabad, Medak, Nizamabad, Adilabad, Karimnagar, Warangal, Khammam and Nalgonda known as the Telangana region were transferred to Andhra Pradesh. Major portions of the predominantly Kannada speaking districts of Raichur, Gulbarga and Bidar were transferred to Mysore (Karnataka) State while the Marathwada comprising the five districts of Aurangabad, Osmanabad, Bhir, Parbhani, Nanded and portion of Bidar which is predominantly Marathi speaking was transferred to Maharashtra State. These changes were effected on 1st November, 1956.

## **Administrative set-up**

**(a) Region of the state where district is located:**

Nalgonda was formally known as Neelagiri (Blue hill). This district is located in the middle of the State. The shape of the district is triangular and landlocked and bounded on the North by Medak & Warangal districts, South by Guntur & Mahabubnagar (part) districts, East by Khammam & Krishna districts and West by Ranga Reddy & Mahaboobnagar (part) districts.

**(b) Number of Revenue Divisions and Mandals:**

In 1985, the then existing Taluks were reorganised into 59 revenue Mandals corresponding to them, Mandal Praja Parishads were also formed, which were co-terminus with the revenue Mandals in all cases, except in case of the statutory towns which were not included in the jurisdiction of Mandal Parishads. During 1991 Census this district had three revenue divisions with 59 Mandals. But in 2001 Census, these 59 Mandals were re-organised into four revenue divisions in the district by forming a new revenue division i.e. Suryapet which are as follows:

**1) Bhongir Division:** (14 Mandals) Yadagirigutta, Alir, Rajapet, M. Turkapalle, Bhongir, Bommalararam, Pochampalle, Bibinagar, Ramannapeta, Valigonda, Choutuppall, Mothkur, Atmakur (M) and Gundala.

**2) Nalgonda Division:** (16 Mandals) Nakrekal, Kethepalle, Saligouraram, Kattangoor, Chandur, Munugode, Narayanapur, Nalgonda, Narketpalle, Kangal, Thipparthi, Chityala, Nampalle, Chinthapalle, Gurrampode and Marriguda.

**3) Miryalaguda Division:** (15 Mandals) Devarakonda, Pedda Adiserlapalle, Chandampet, Gundlapalle, Nidamanur, Peddavoora, Anumula, Tripuraram, Miryalaguda, Dameracherla, Vemulapalle, Huzurnagar, Neredcherla, Garidepalle and Mattampalle.

**4) Suryapet Division:** (14 Mandals) Thungathurthi, Thirumalgiri, Nuthankal, Jajireddigudem, Suryapet, Penpahad, Atmakur(s), Mothey, Chivemla, Kodad, Mella Cheruvu, Chilkur, Nadigudem and Munagala.

**(c) Total number of Villages and Towns:**

The district had undergone some changes between 1991 & 2001 Census. In 1991 Census, this district had four statutory towns and four Census towns. Out of which, one Census town was de-classified and two new Census towns were formed in 2001 Census. During 2001, this district was having four statutory towns and five Census towns. But when compared, the list of villages

at 2001 Census with that of 1991 Census, there was an increase of one village in the total number of villages. In 1991 Census there were 1,158 villages of which, 11 villages were included in towns. Hence, 1,147 villages were under rural status. three villages' viz: Arjalabhavi, Mamillagudem and Gandhamvarigudem bearing PLCN's: 00810200, 00811500 and 00811800 respectively have newly sprung up after 1991 Census in Nalgonda Mandal. In addition to the above, Kodad town of 1991 Census was de-classified. One village Nalgonda (R), became an out-growth to Nalgonda(M) of Nalgonda U.A. Hence, this village was deleted from the list of villages of Nalgonda Mandal. Further, two villages viz: Chandur & Choutuppall were treated as CTs and deleted from the list of villages. Thus for 2001 Census 1,148 villages have been accounted.

**D) Changes in Administrative Units during 2011 Census:**

During 2011 Census, eight villages are upgraded as eight Census towns and the villages are; Raghunathpur, Bibinagar, Pochampalle, Ramannapet, Chityala, Nakrekal, Kondamallapalle and Kodad. Rural parts of Panagallu and Gollaguda, Arjabhavi, Gandhamvarigudem and Mariguda are the five villages classified as fully out growths to Nalgonda Municipality.

However, there are 1,135 villages in 2011 Census out of which (28 uninhabited & 1,107 habited), 59 Mandals, (rural), four revenue divisions, 17 towns (4 ST's as Municipalities & 13 CT's) & 3 U.A's.

Statement showing Urban Agglomerations along with its Constituent Units		
Sl. No.	Name of U.A	Constituent Units
1	Shmyapet U.A	Shmyapet (M), Kesaram full village as new OG and partly village of Pillamarri as OG.
2	Nalgonda U.A	Nalgonda (M), Nalgonda (R) as full OG, Panagallu (R) and Gollaguda (R) was partly villages in 2001 Census have become full OGs in 2011 Census. Arjalabhavi, Gandhamvarigudem and Massiguda as new OGs.
3	Miryalaguda U.A	Miryalaguda (M) and part village of Nandipahad as OG.

## District Highlights - 2011 Census

- Nalgonda district stands 9<sup>th</sup> position in terms of area with 14,240.00 Sq.Kms and ranks 14<sup>th</sup> in terms of population with 34,88,809 persons in the state.
- Nalgonda district stands 5<sup>th</sup> in terms of urban area with 379.33 Sq. Kms and ranks 18<sup>th</sup> in terms of urban population with 6,62,507 persons in the state while it stands 9<sup>th</sup> in terms of rural area with 13,860. 67Sq. Kms and ranks 8<sup>th</sup> in terms of rural population with 28,26,302 persons in the state.
- The district ranks 12<sup>th</sup> in terms of households with 8,75,939 as against 7,23,015 households in 2001.
- The district ranks 11<sup>th</sup> in terms of total number of villages with 1,135 as against 1,148 in 2001.
- The district ranks 19<sup>th</sup> position in the state in terms of Sex-ratio with 983 as against 966 in 2001.
- The district ranks 15<sup>th</sup> in terms of Density with 245 persons per Sq. Kms as against 228 in 2001.
- The district ranks 13<sup>th</sup> in terms of literacy with 20,01,019 literates as against 15,95,643 in 2001.
- The district is with 17,41,693 workers and 17,47,116 non-workers as against 15,94,666 workers and 16,53,316 non-workers in 2001.

### **Mandal [Sub-District]:**

- Chandampet Mandal is having the largest area of 480.35 Sq. Kms, while Huzurnagar Mandal is having the least area of 110.48 Sq. Kms.
- Nalgonda Mandal is having the largest Urban area of 123.54 Sq. Kms, while Peddavoora Mandal is having the least Urban area of 4.15 Sq. Kms.
- Chandampet Mandal is having the largest Rural area of 480.35 Sq. Kms, while Huzurnagar is having the least Rural area of 110.48 Sq. Kms.
- Nalgonda Mandal is having the highest population of 2,00,067 persons, while the least Population is found in M.Turkapalle 33,797 persons.
- The highest Urban Population of 1,54,326 persons is found in Nalgonda Mandal and least Urban Population of 4,008 is found in Rajapet Mandal.
- The highest Rural Population of 74,682 persons is found in Mellacheruvu Mandal while the least Rural Population of 31,632 in Nakrekal Mandal.

- Highest Sex-ratio of 1019 is found in Thungathurthy Mandal and the least Sex-ratio of 919 is found in Chandampet Mandal.
- Suryapet Mandal is having highest Population Density of 748 while Chandampet Mandal is having the least Population Density of 107 persons per Sq. Km.
- Highest No. of 1,433,25 literates are in Nalgonda Mandal and least No. of 17,248 literates are found in M.Turkapalle Mandal .
- Nalgonda Mandal is having highest No. of workers 81,335 and non-workers 1,18,732 while M.Turkapalle Mandal is having the least No. of workers 16,779 and kethepalle mandal is having 16,401 non-workers .

**Village:**

- Mellacheruvu Village of Mellacheruvu Mandal is having the largest area of 5,797 hectares while Bagdayara of Bibinagar Mandal is having the least area of 8 hectares.
- Huzurnagar village of Huzurnagar mandal is having the highest No. of households 9,474, highest Population 35,850 and 0-6 years Population 3,488 while the least No. of households 5 in Thimmapur village of Kattangoor mandal, least Population 19 is found in Mundlapahad village of Vemulapalle mandal and nil 0-6 years population is found in Gollaguda Village of Atmakur (S) Mandal.
- Highest Sex-ratio of 1,555 is found in Chandampet Village of Chandampet Mandal and least Sex-ratio of 222 is found in Syedmujavarpet village of Munagala Mandal.
- Highest no. of 23,961 Literates and highest no. of Illiterates 11,889 are found in Huzurnagar Village of Huzurnagar Mandal while least no. of 6 literates are found in Mundlapahad Village of Vemulapalle Mandal and least no. of 6 Illiterates are found in Gollaguda Village of Atmakur (s) Mandal.
- Huzurnagar Village of Huzurnagar Mandal is having the highest workers of 16,115 and Thimmapur Village of Kattangoor Mandal is having the least workers of 9 while Huzurnagar Village of Huzurnagar Mandal tops with 19,735 Non-workers and Gollaguda village of Atmakur(S) has the least No. of Non-Workers of 6 persons.

## **Section - I**

# **Primary Census Abstract (PCA)**

## **Brief Note on Primary Census Abstract**

### **Introduction:**

The Indian Census has the reputation of being one of the best in the world. The first Census in India was conducted in the year 1872. This was conducted at different points of time in different parts of the country. In 1881 a Census was taken for the entire country simultaneously. Since then, Census has been conducted every ten years, without a break. Thus, the Census of India 2011 was the fifteenth in this unbroken series since 1872, the seventh after independence and the second census of the third millennium and twenty first century. The census has been uninterruptedly continued despite of several adversities like wars, epidemics, natural calamities, political unrest, etc.

The Census of India is conducted under the provisions of the Census Act 1948 and the Census Rules, 1990. In Censuses until 1931, a synchronous de-facto method was adopted wherein the Census was conducted throughout the country on a single night. This being a very costly affair and involved the deployment of very large force at one point of time was given up in 1941. Since then the same methodology has been followed in all the Censuses. It is a gigantic operation and considered to be the single largest, complex, peace time administrative exercise in the world.

The Census Operation in India is carried out in two distinct but inter connected phases - the House listing and Housing Census followed by the Population Enumeration. During the first phase of Census 2011 i.e., House listing and Housing Census, the buildings, census houses and households were identified and systematically listed in the House Listing and Housing Census Schedule during the period April to September, 2010 in different States/Union Territories. Apart from listing of houses, some useful data on the amenities available to the households was also collected for assessing condition of human settlements, housing deficits etc.

Censuses prior to Census 2001 had the system of collecting the information through Individual Slip which was a key schedule for every individual. The information collected through slip was then compiled for a household. Some information was also collected in addition to this for the household. During 2001 Census a comprehensive Household Schedule was adopted replacing the individual slip concept. In 2011 Census also similar household schedule was used for canvassing. The scope of demographic, socio-economic parameters has been widened in every census.

### **2. Population Enumeration - Census 2011:**

The field work of the second phase i.e. Population Enumeration was carried out during February-March, 2011. One of the essential features of Population Enumeration in the second phase was that each person was enumerated and her/his individual particulars were collected at a well-defined point of time.

The Census moment and the reference date for the Census of India 2011 was 00:00 hours of 1st March, 2011. The enumeration was conducted from 9th February to 28th February, 2011 along with a revisional round from 1st March, 2011 to 5th March, 2011 synchronously all over the country except for few specific areas of the Jammu & Kashmir, Himachal Pradesh and Uttarakhand states that remain snowbound in February. In these locations the population enumeration was done from 11th September, 2010 to 30th September, 2010 along with a revisional round from 1st October, 2010 to 5th October, 2010. The reference date for the census in snow bound non-synchronous areas of these states was 00.00 hours of the first day of October, 2010. In addition to the coverage during House listing & Housing Census, the enumeration of the Houseless population was carried out on the night of 28th February, 2011, as has been the usual practice. For the purpose of Census, certain areas where the access of the civilian enumerators was not permissible due to security reasons termed as 'Special Charges' such as the Defence and strictly Military/Para-Military areas, including operational areas were also covered. Such areas were not covered during the House listing & Housing Census. In addition to the defence/para-military areas, Special Charges also included certain factory areas, certain colonies, sensitive areas, scientific establishments, etc. These also formed Special Charges as these were not accessible by the usual census enumerator.

### **3. Quality Assurance:**

A Task Force for Quality Assurance (TFQA) functioned under the chairmanship of the RG & CCI. Experienced officers of the different divisions of the organization i.e. Heads and senior officers of the Census Division, Data Processing Division, Map Division, Demography Division and Social Studies Division comprised the TFQA. The Directors of Census Operations were co-opted as members whenever the TFQA discussed the data for their States/Union territories. The main objective of constituting the TFQA was to subject the data to stringent validation checks and ensure its quality before release as it was expedient to be satisfied itself about the quality of data before putting the same in public domain.

The Directors and their senior officers were involved at all levels with respect to the quality and the coverage of their states/Uts. The TFQA intensively scrutinized coverage and content parameters including edit and imputation logic. The most important aspect of the data quality was to ensure complete coverage of all geographical areas especially for the population enumeration phase where the data is disseminated right up to the village level in the rural areas and the ward level in the urban areas. Thus ensuring the complete coverage and correct geographical linkage of each enumeration block was one of the major planks of the quality control, especially for small area population statistics. The content was scrutinized mainly through the process of internal consistency, comparison with similar data in the past and also through validation with likewise data if available, from external sources. Quite often the local knowledge and perception was looked at to understand both the existing and the new emerging trends of population distribution and characteristics. A very comprehensive check and edit mechanism was put in place to objectively examine the preliminary Census 2011 Population Enumeration results and finally clear them for

use. The population data was cleared only after the full possible satisfaction of the TFQA.

The entire work relating to the data validation and scrutiny was completed by all the States/Union territories under the overall supervision and monitoring of the Census Division of the Office of the Registrar General, India with active cooperation and support of the Social Studies Division, Data Processing Division, Data Dissemination Division and Map Division.

#### **4. Primary Census Abstract:**

The Primary Census Abstract which is important publication of 2011 Census gives basic information on Area, Total Number of Households, Total Population, Scheduled Castes, Scheduled Tribes Population, Population in the age group 0-6, Literates, Main Workers and Marginal Workers classified by the four broad industrial categories, namely, (i) Cultivators, (ii) Agricultural Labourers, (iii) Household Industry Workers, and (iv) Other Workers and also Non-Workers. The characteristics of the Total Population include Scheduled Castes, Scheduled Tribes, Institutional and Houseless Population and are presented by sex and rural-urban residence.

In 1981 census main workers were presented into four categories. As regards 1991 Census, the nine-fold industrial classification of main workers has been given in the Primary Census Abstract. One of the important features of the Primary Census Abstract of 1991 Census was the presentation of population of the age group 0-6 which is continued in 2001 and 2011 Census. All the children of age 6 years or less have been treated as illiterate even if the child is going to a school and may have picked up reading and writing. This will help the data users in better analysis and understanding of the literacy data as the literacy rate is calculated with 7 years and above population and it is referred as effective literacy rate. In 2001 and 2011 census four categories of main workers have been given in the Primary Census Abstract.

#### **5. Level of Presentation of PCA data in District Census Handbooks:**

The format of Primary Census Abstract (PCA) adopted in the DCHB of 2001 Census has been continued for 2011 Census as the data on four categories of works have been presented similar to 2001 census. The Primary Census Abstract data in different PCAs are presented at different levels. The level of presentation of Primary Census Abstracts in DCHB is as under:

1. District Primary Census Abstract -District/C.D. Block/Town.
2. Primary Census Abstract for Scheduled Castes- District/C.D. Block/Town.
3. Primary Census Abstract for Scheduled Tribes -District/C.D. Block/Town.
4. Village Primary Census Abstract -C.D. Block/Village wise.
5. Urban Primary Census Abstract- Town/Ward level.

The PCA Data for villages was presented C.D. Block wise for the first time in 1991 Census. This practice is continued in 2001 and 2011 Census. The term 'Total Population' includes the Scheduled Castes, the Scheduled Tribes, the Institutional and

the Houseless populations. An appendix to District Primary Census Abstract has also been furnished showing urban enumeration block-wise particulars on Total Population, the Scheduled Castes Population and the Scheduled Tribes Population for each town.

**6. Area Figures:**

The area figures supplied by local revenue authorities of the district in respect of tahsils, Police Stations and by the local bodies in respect of towns are given in square kilometers. The area figures of the villages supplied by the Tahsildars in acres have been converted and shown in hectares. The area figures of the C.D. Block are the total of the village areas coming under each C.D. Block. The area figures for the district are the same as adopted by the Surveyor General of India to maintain uniformity at the national level.

-----
